Resurfacing Project on Warren Boulevard from Homan Avenue to Kedzie Avenue

CHICAGO – The Illinois Department of Transportation (IDOT) announced that temporary lane closures will take place on Warren Boulevard between Homan Avenue and Kedzie Avenue, in Chicago, for a resurfacing project, beginning, weather permitting, Wednesday, April 19.

In order to complete the work, lane closures will take place on Warren Boulevard from Homan Avenue to Kedzie Avenue. Driveways and portions of sidewalk also will be closed during construction activities and could affect businesses on Warren Boulevard. Parking will be restricted within the project boundaries while work is taking place.

The scope of the project consists of roadway resurfacing and cleaning the drainage structure. The project's safety improvements include repair of sidewalk, curb and gutter.

The project is expected to be completed in Summer 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
